Mercury Marine has determined that the spark plug wires on some Mariner, Mercury and Sea Ray Outboards (model numbers and serial numbers specified above) must be replaced to reduce the possibility of premature insulation breakdown, potential electrical arcing.

1. Owners of these outboards, who are properly registered with Mercury Marine (Warranty Registration Card), will receive a letter and a "Campaign Claim" card as notification of the REQUIRED spark plug wire replacement. (A copy of the letter is printed on this bulletin). They will also

receive, under separate cover, replacement spark plug wires. The letter instructs the owner to immediately contact their dealer and schedule replacement of the spark plug wires.

Credit for 0.5 hour labor per 35 HP outboard and 1.0 hour labor per larger outboard, will be issued upon return of the completed "Campaign Claim" card to your Regional Service Center, thus a warranty claim is not required for registered outboards.

2. Outboards in your inventory:

Order a spark plug wire kit from your Regional Distribution Center for each outboard (within the above model number and serial number range) that you have in stock. Part numbers for the various spark plug wire kits are as follows:

Models	Part Number of Spark Wire Plug Kit
Merc/Mariner 6, 8, 9.9 & 15	84-813715A2
Merc/Mariner 20, 25	84-813715A3
Merc 35	84-813715A4
Merc/Mariner 45	84-813715A5
Merc/Mariner 50, 60	84-813715A6
Merc/Mariner 70, 75, 80, 90	84-813715A7
Merc/Mariner 100	84-813715A8
Merc/Mariner 90, 115 (6 cyl.)	84-813715A10
Merc/Mariner V-6 Models	84-813715A9

Do complete a warranty claim for units in your stock. More than one unit can be listed on a warranty claim, however, it is essential that all serial numbers are listed.

3. Replacement spark plug wire kits P/N 84-99215A25 and **84-99215A26 in your inventory:** Fill out a warranty claim and send the claim and the spark plug wire kits to your Regional Service Center for warranty reimbursement.
