8/9.9 HP FourStroke Remote Control Cable Attaching Point Models Affected

Models Covered	Model Number
Mercury/Mariner 8/9.9 HP Remote Control FourStroke Outboards	1F10204HV
	1F10312HK
	1F10352HK
	1F10452HK
	1F10462HK
	7F10312ZK
	1F10312HA
	7F10312ZA
	1B08312HB

Situation

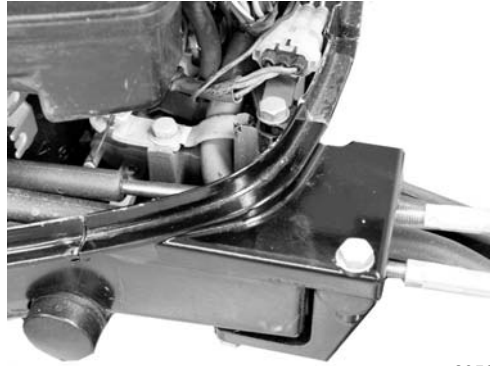

Beginning with outboard models released in July of 2007, all 8/9.9 HP FourStroke outboards will accept Mercury Marine barrel type control cables.

- a** - Remote control cable stay
- b** - Cable barrel
- c** - Remote control harness
- d** - Grommet
- e** - Throttle cable
- f** - Shift cable
- g** - Washer (2)
- h** - Retainer clip (2)

Part Interchangeability

Mercury Marine will offer two kits to address boats or engines that do not have compatible throttle and shift cables:

1. Kit P/N 64-892790A01 will allow boats rigged with SAE cable connectors to hook up to the new style engines which require Mercury Marine barrel connections.

- Kit P/N 898289A20 will convert engines built with SAE throttle and shift cable attaching points to engines that accept Mercury Marine barrel style cables. This kit will require additional time and many new components. Due to this additional labor, Mercury Marine suggests that these kits are only utilized when re-rigging the boat is not an option.

Ref.	Qty.	Description	Part Number
a	1	Throttle lever	898101905
b	1	Shift lever	898101904
c	1	Shift arm	898101903
d	1	Grommet	25-898101902
e	1	Remote control cable stay cover	898101651
f	1	Remote control cable stay	898101635
g	4	Retaining clip	8M0021224
h	1	Bolt (M6 x 25)	10-825702002
i	2	Washer	12-95392 5

Product Identification

All engines built with the new cable attaching points will come from the factory with the following label attached to the box.

NOTICE

Remote Control Installations Require the Use of Mercury Marine Style Shift and Throttle Cables
