Replacement Quick Oil Drain Components

Models Affected

All MCM Sterndrive engines with the factory installed Quick Oil Drain System.

NOTE: This does not apply to Tow Sports (Ski) engines or Quick Oil Drain Kits.

Situation

Several components of the older Quick Connect oil drain hose system will become No Longer Available. Replacement O-rings for the Quick Connect system and components used on both systems will still be available.

These new Oil Hoses are one piece construction and thread directly into the oil pan, eliminating the O-rings at the Quick Connect. The part number for original oil pan drain plug that was shipped with the engine is listed also. For replacement parts information, refer to chart.

Ordering Replacement Part

3.0L (1/2-20 Oil Pan Thread)

Qty.	Description	Old Part Number	Replacement Part Number
1	Quick Connect Fitting	22-862956	Order new hose 32-865277
1	Gasket	27-49955	27-49955
1	Hose Assembly	32-805505A4	Order new hose 32-865277
2	O-rings for 32-805505A4	25-805063	Not Required with 32-865277
1	Replacement Clip on Hose	54-863481	54-863481
1	Tether Assembly	862827	862827
1	1/2-20 Oil Pan Drain Plug	10-49956	10-49956
